The Dean of Students' Office coordinates the Student Conduct Administration processes. It serves as an advocate for students facing challenges to their success as students and advises several student leadership organizations. We have staff ready to assist students, staff, faculty, family members, and community members with student issues and concerns.

Our office has many functions for the University of Utah community. We administer the Student Conduct procedures for the campus, provide advocacy assistance to students in need, and advise student organizations including student government (ASUU) and fraternities & sororities.
